Art Moment Gallery invites to view its annual end of year mixed media group exhibition dedicated to the love of experimentation. The upcoming exhibition is titled *Art Moments* and showcases the latest fruits of experimentation with painting, photography, collage, drawing and sculpture by emerging and established artists from Sydney and interstate. We specifically encouraged current students or recent graduates from a range of disciplines to exhibit. In doing so, we were able to provide an opportunity for such artists to present their work outside the university context.

“Art Moments is about showing unique, innovative pieces. We wanted each work to challenge and inspire gallery visitors,” Inna Moshkovich, Abstract Artist & Art Moment Gallery’s Curator.

To view works by the exhibiting artists visit &  Art Moment Gallery’s Facebook page:
